Fun Photoshop Nate!  
People who've done this challenge:

You probably know Nate...he's spoken at .conf keynotes and uses Splunk for crazy stuff like naming his son.

37 points for completing this stage

Nate's a pretty awesome person...and I'm not just saying that because he's my boss. It's time to have some fun with him, so let's photoshop Nate into some other situation. You can use his likeness from up there ^^, or find another image of him on-line for this foolery.

Just a few things:

- Keep it appropriate for work...
- You will get a double-virtual-high-five from me if you somehow involve the Epic Sax Guy meme.
- Once you're done, upload the image on this challenge

Let's have some fun!
