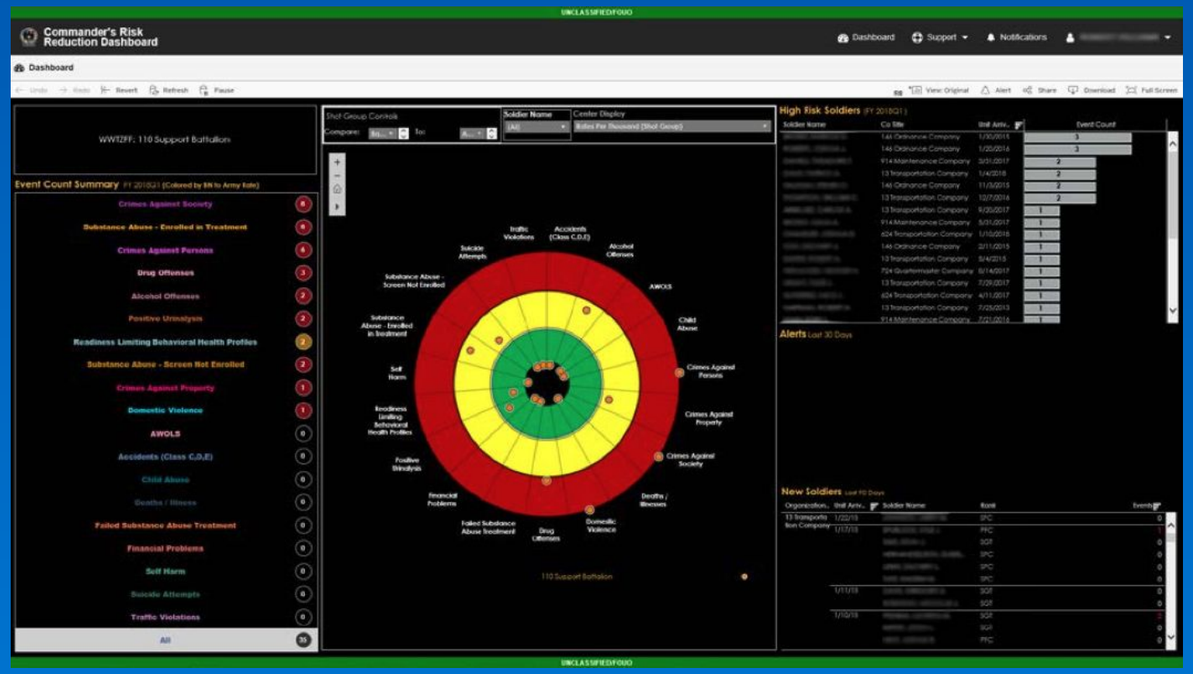
Commander's Risk Reduction Dashboard (CRRD) – Soldier Safety



Helping Leaders Identify Individual Soldiers' Risk For Suicide

Similar Use Case Study: Student Safety

Indicators of At-Risk Students:

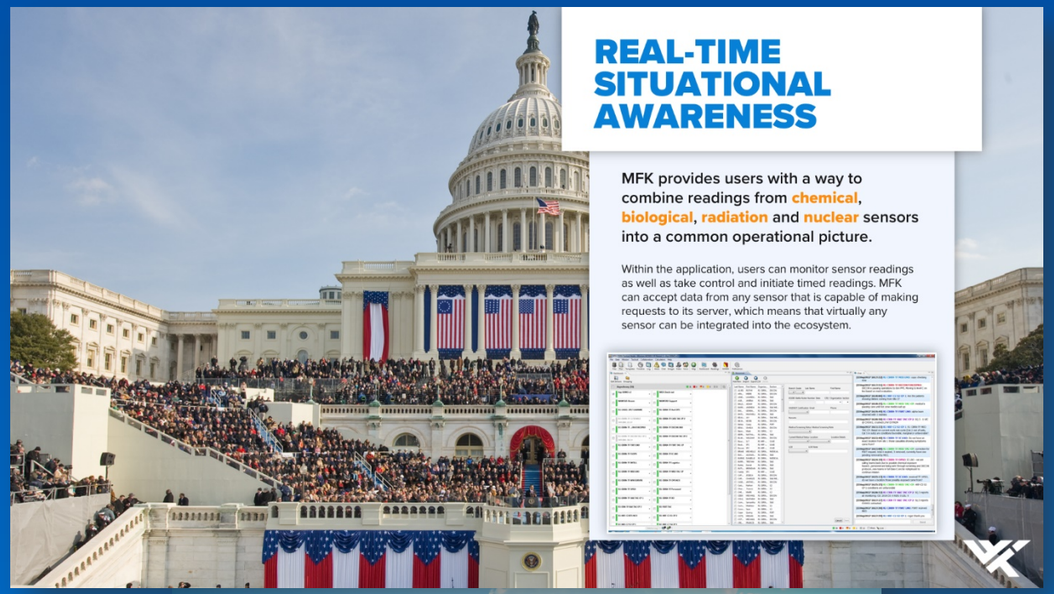
- Drastic changes in behavior
- Missing classes/assignments
- Missing meals
- Data can be captured, analyzed, presented and actioned

Student Safety Goes Beyond Physical Security
MENTAL HEALTH Is Critical

Mobile Field Kit (MFK) and Similar Use Case Study: Campus Security

Sensor Integration:

- Realtime SA of multiple sensors
- Integrating sensor data
- Processing and analyzing large data sets
- Campus Safety Dashboard can be powered by Splunk
- Part of the overall solution have to be integrated with Splunk



Defending The Nation

- Our young men/women are ready TODAY
- They can deploy anywhere in the world…
- At a moments notice…
- Into austere environments…
- May need to fight upon arrival…

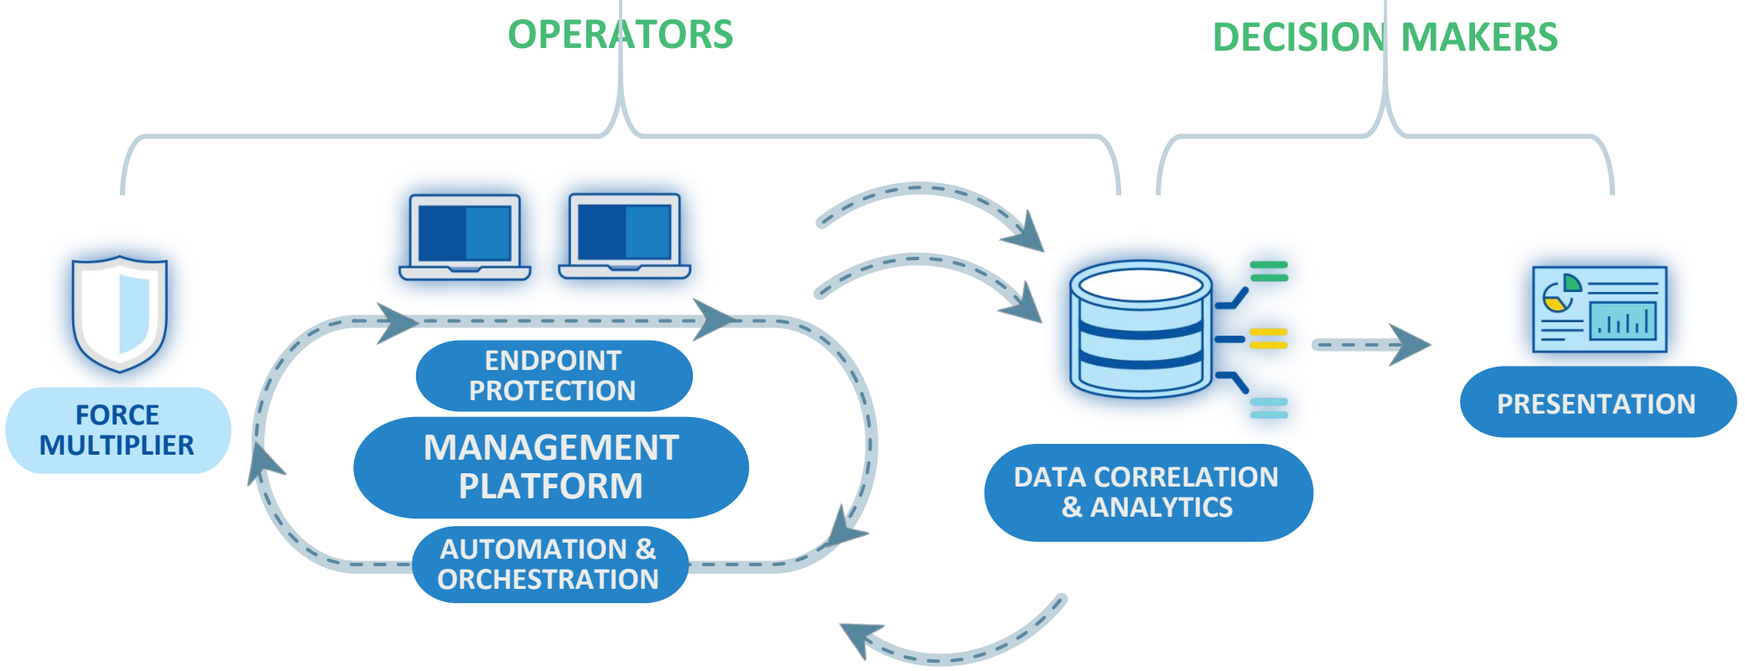
We Owe Them a Global, Always-On, Secure Network with Reliable Data

ENDPOINT SECURITY ARCHITECTURE

OUR APPROACH

CONTINUOUS COMPLIANCE

Endpoint protection must be integrated into the rest of an organization's security platform for maximum effectiveness.



WWT's approach to architecture development is comprised of five pillars

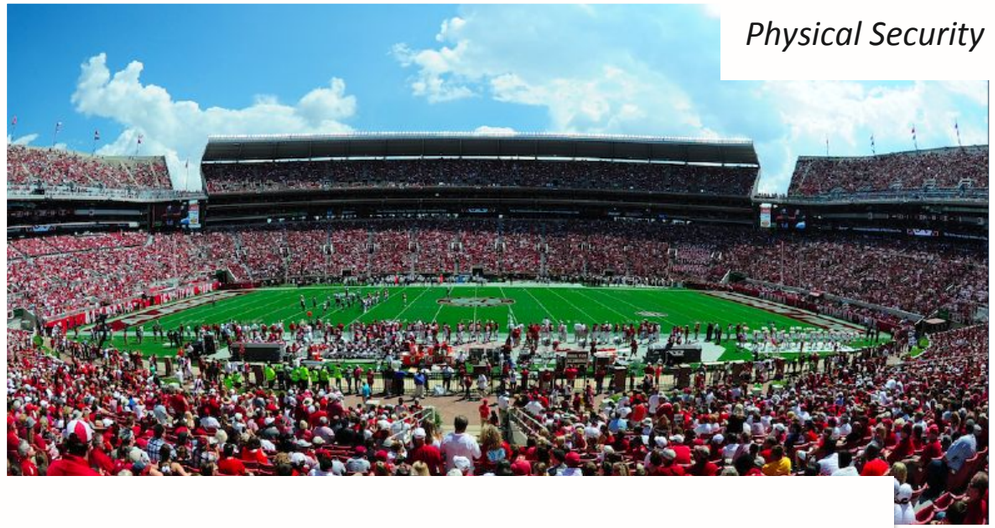
When properly combined, these pillars act as force multipliers, resulting in an integrated endpoint security architecture that embodies a full end-to-end security platform, rather than stove-piped or point solutions.

SECURITY ARCHITECTURE

EXPANDED SCOPE

Solider Safety

Physical Security



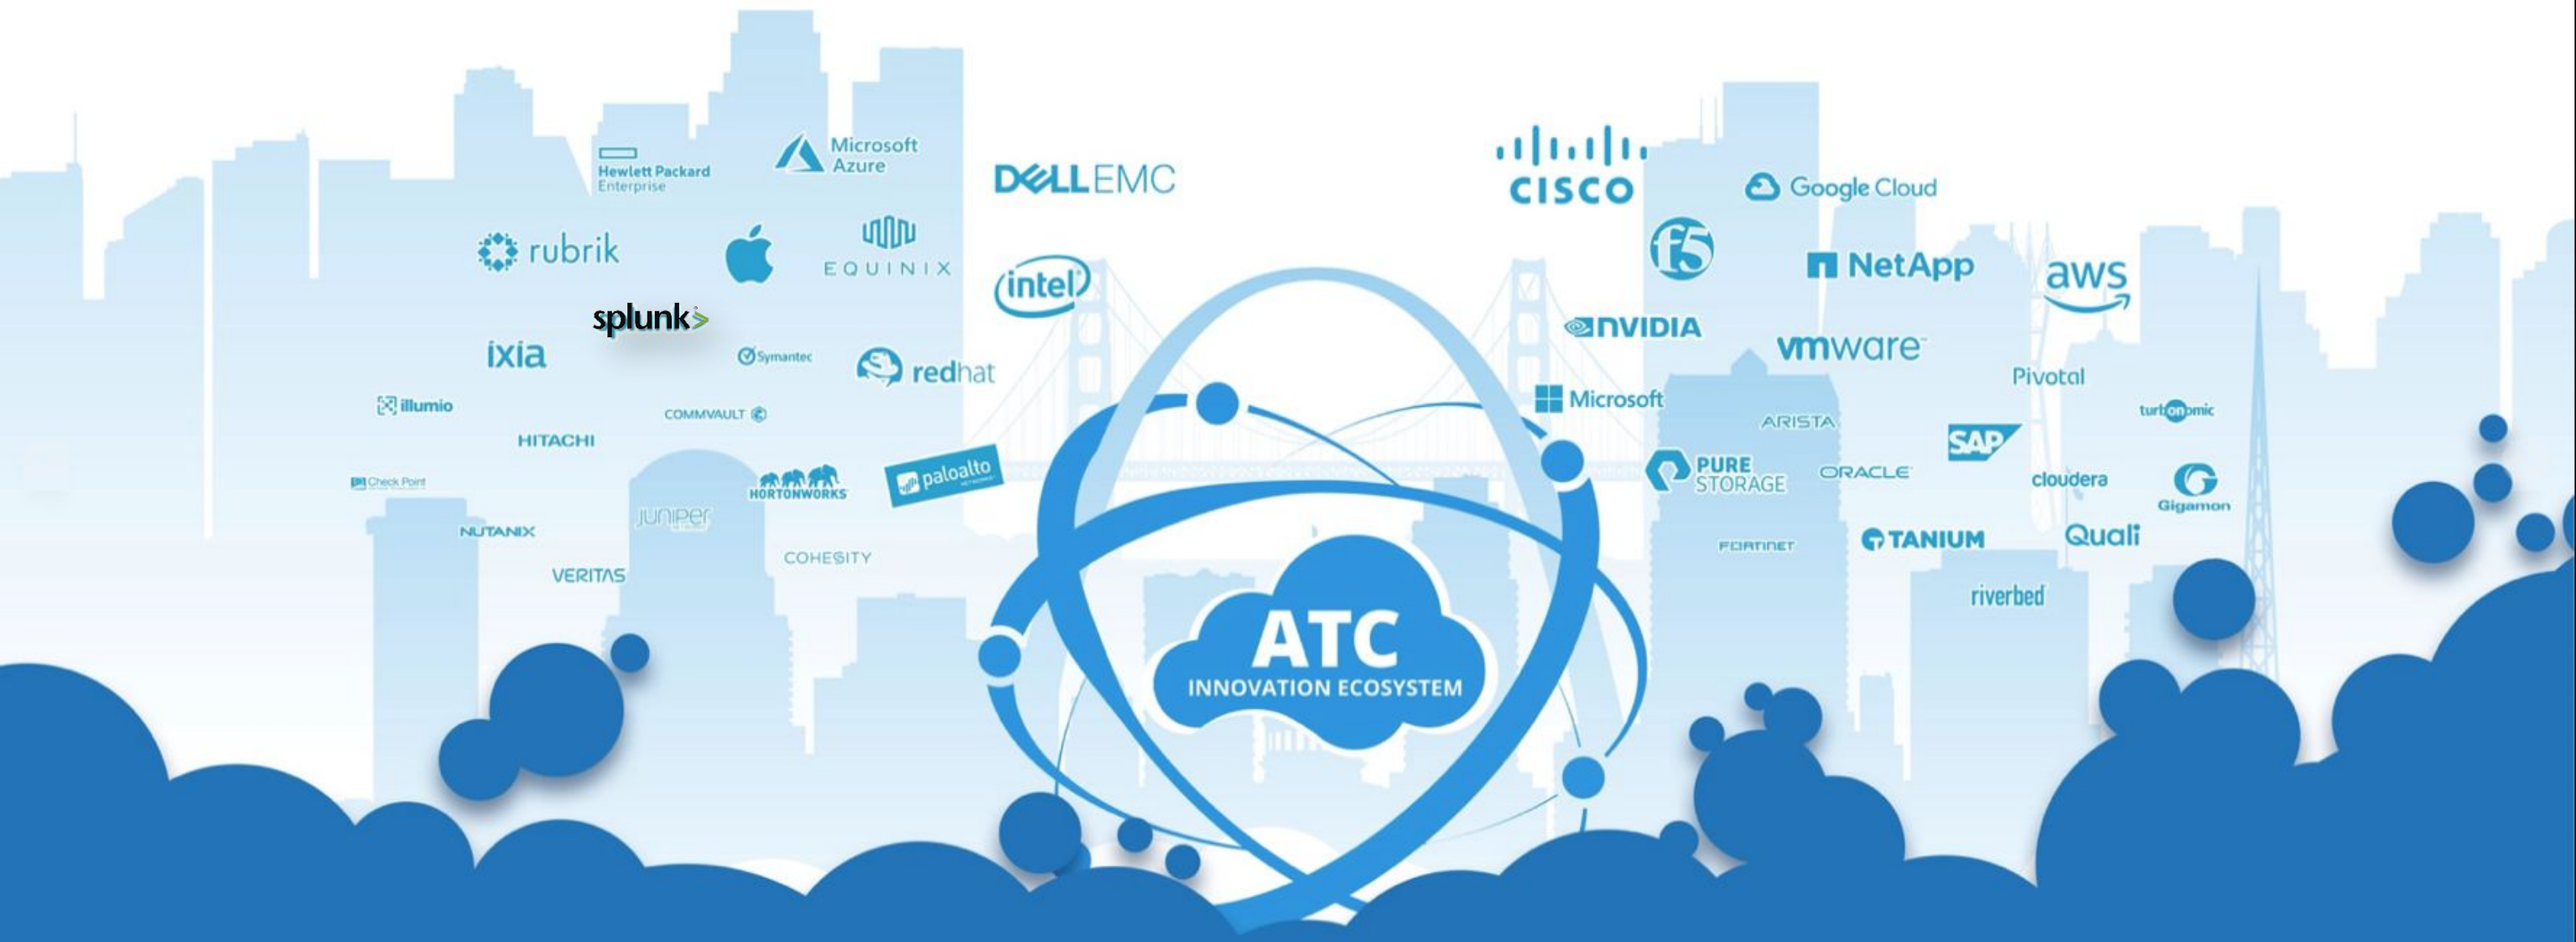
Amazing Use Cases for the Best Customers in the World!

Student Safety

Network Security

Silicon Valley in St. Louis

Bringing today's leading technologies together in a physical and virtual environment, accessible from anywhere in the world.



Individually THESE COMPANIES ARE **IMPRESSIVE** *but collectively, when integrated by WWT*

WE PRODUCE **GAME-CHANGING** *SOLUTIONS.*
